letter puzzle

Children practice
for Hand Eye
coordination

Fall behind in primary school - Never catch up in life

Vision (Objective)

To provide early educational intervention for less-privileged children, by training and nurturing capable teachers, to create a societal transformation.

Mission (Main activities)

Offer free, quality, supplementary education to under-achieving children from less-privileged sections of society so that they become high-performing, confident students with a bright future. We will do this with a culture of excellence, transparency, and accountability. This will be accomplished by developing and deploying learning methods that are relevant to the environment of the children, by nurturing a team of women from every village where we are present and empowering them to transform the lives of the children in their care, and including their parents in the transformation process.

Value

- * Excellence in everything we do
- * Integrity in all aspects of our work
- * Teamwork to achieve our mission
- * Inspire and be inspired
- * Self-confidence to meet our goals
- * Innovate to transform the learning experience. Passionate about our mission

Projects in the Year 2015-2016

KIDS

Children of the age group 3 to 6 comprising Pre- School and Class I children were enrolled and prepared to take up learning and social challenges in a regular school environment. Innovative methodology using play way methods was adopted. The curriculum incorporates the notions of discovery and fun learning. English was introduced using the phonetic method.

Support Classes

Support Class Junior: Students of class 2 and 3 from rural schools were tested for their skills and those found below average and needed support were enrolled and given coaching in their own language to read fluently and comprehend and write without mistakes. They were also trained in handling numbers and basic operations of arithmetic. They were taught Basic English using the phonetic method

Support Class Senior: Students of class 4 and 5 were tested for their skills and those found below average and needed support were enrolled. Their skills in the native language Tamil and arithmetic were reinforced and they were also supported for other subjects of the school curriculum. Matching the requirement of their school text book in English, the language was taught using phonetic method and basic grammar was introduced effectively.

Mobile Toy Library

Educational and scientific games and toys were brought to primary school children in Govt. Schools on working days. The toys have been designed to develop an interest for science in children and enhance their skills in Maths and English. The toy van visited two government schools on an average per day.

Village Library

A library was set up in each village having a learning centre, to cater children's story books and novels to people in the village. Anybody from the village could access the books for free.

Model Full time English Medium School

Children from Tsunami-affected families and nearby fishing communities were enrolled in a full-time school. They were taught the matriculation curriculum through play-way methodology. The School is free for all LKG, UKG children, orphans and children of low income parents. Others are charged a nominal fee. The School provides library, computer lab and playground facilities to the children.

Easy Learning English (ELE) :

Class 6, 7 and 8th students of Government Schools were taught English in 3-hour weekly sessions during school hours with cooperation from school authorities. The students were taught to read, write, and speak English without mistakes using a curriculum involving easy understanding of English grammar and group activities to enforce conversational skills.

Easy Learning Math (ELM) :

Our ELM Program focus on conceptual understanding (and not just procedural learning) of Mathematics which took off in a great way with manipulative and games. The drive is to make numbers and operations less abstract and more meaningful to real life. The course aimed at primary children of Govt schools were taken to villages in TamilNadu.
